

THE PREMIER MEDITECH CONSULTING FIRM

Navin, Haffty & Associates (NHA) is the **largest team** of **MEDITECH** experts assembled anywhere in North America, bringing an **unmatched collective expertise** to every consulting engagement we deliver.

WHY NHA?

For 19 years NHA has been partnering with healthcare organizations throughout North America providing proven solutions to maximize their MEDITECH EHR investment. We have completed more Expanse/6.x implementation projects than any other consulting firm, with 600+ unique MEDITECH clients.

PARTNER WITH THE THOUGHT LEADER IN THE INDUSTRY

NHA follows a vision and a set of values that has helped distinguish us from other consultancies. As a privately held company, NHA is not influenced by external demands that conflict with our clients' goals and objectives.

CLIENT TESTIMONIAL

"I want to thank the NHA team for being such a great partner. I say partner because that is exactly what you are. You shared in the ups and downs of the project as if it were your own. You were completely engaged from the start. We really wanted the best in the business for our project and that is exactly what we got. You have gone above and beyond the call of duty to ensure our success and we thank you. In my opinion, you are the best of the best."

Barry W. Ryle, CIO
Oswego Health, Oswego, NY

OUR VISION

We maximize the value of the MEDITECH EHR by leveraging our collective expertise and working in the best interest of our clients.

OUR VALUES

Since our inception in 2001, NHA has followed a vision and set of values that has helped distinguish us from other consultancies. As a privately held company, NHA is not influenced by external demands that conflict with our clients' goals and objectives. Our privileged collaboration with MEDITECH fosters a positive relationship that naturally and directly impacts our clients' success.

Integrity. We do the right thing by our clients, collaborating closely to achieve their goals and treating everyone with respect, honesty, and fairness.

Quality. We provide accurate, sound counsel and advice to our clients. Our recommendations are based on facts and collective experiences, not anecdotal evidence or opinion.

Collaboration. We care about the long-term success of each client and strive to foster trust-based, long-lasting relationships with MEDITECH, our clients and associates.

Responsiveness. We make ourselves accessible and available to our clients at all times and make it easy to do business with us.

Thought Leadership. We seek to be recognized for our depth and breadth of strategic and applications-specific knowledge and strive to be the preferred source of thought leadership in the MEDITECH community.

Commitment. We are dedicated to our clients and associates.

Reputation. We will develop and grow our business through reputation and referrals.

CLIENT TESTIMONIAL

"Selecting Navin, Haffty & Associates was the right decision for our MEDITECH MAGIC to Expanse migration. Our goal was a big bang implementation to include Expanse Acute, Ambulatory and ED, and so we needed to partner with the industry leader who had the experience, skills and knowledge to hit the ground running and keep our project on track. The entire consulting team was top notch and did a great job ensuring our success. They were invaluable to this project and we couldn't have done it without them!"
